Full Membership - Your full membership is for 12 months plus your annual affiliation fee.

Fair Weather Membership - This will also be for 12 months but you will only pay and play for 9 months.

The months not included in the Fair Weather package are December, January & February [being the least used months] hence your handicap will be frozen during this time and reinstated in March.

Should you wish to play during these months [normal golf or members competitions] you will incur a green fee, or you can pay the difference and continue through the year. (See the above chart)

Fair Weather members will be allowed to play in any individual members' competition throughout the winter period, having paid a green fee. However the said members would not be able to win prizes in these competitions as they are not officially members of the club for the winter period.

Fair Weather members may not enter any pair's member's competitions that are played throughout the winter period.

The above option has been adjusted so members retain their playing handicap during the winter period.

Other membership information

An intermediate membership is available to previous junior members - age 18 to 21 at half the full 7 day membership price. *Student membership is only available with a valid student card.

Golf Membership entitles members to play the course during the times stipulated by their category. Members may obtain a handicap by playing in the many competitions organised at the Club.

Membership runs from the first day of the month in which you join. One month's notice of resignation is required thereafter.

Monthly payments will be collected by Direct Debit. All figures include VAT.

Affiliation fees are compulsory fees required by England Golf and the Mens/ Ladies Sussex County Golf Union, for all members of all clubs in the UK. These amounts are kept separate from membership fees in order that members are charged with no VAT.
